**POLAGRA FOOD fairs, 24-29
September 2016, Poznań, Poland**

2016-05-27 14:31:58

POLAGRA FOOD is a project, which actively follows the changes taking place in the food industry, aiming at creating new perspectives for food producers and new possibilities for foreign merchants.

On **24-29 September 2016**, on **Poznań International Fair** fairground in Poznań, another edition of Central and Eastern Europe's most complex event dedicated to the food and catering industry and to the hotel industry will be held, including the following fair trade events: **TASTES OF REGIONS**, **POLAGRA FOOD** International Trade Fair for Food, **POLAGRA GASTRO** International Trade Fair for Gastronomy, **INVEST-HOTEL** Hotel Equipment Trade Fair, **POLAGRA-TECH** International Trade Fair of Food Technologies, **TAROPAK** International Trade Fair of Packaging Technology and Labelling, **LOGIPAK** International Fair of Logistics, Warehousing and Transport, and **EPLA** Plastics and Rubber Trade Fair.

The POLAGRA block is a key event for food producers and distributors, managers of restaurants and hotels, chefs and packaging industry professionals. It is an answer to the challenges the industry has to face, inspiration for the development of products, and the place where the latest trends are presented. More than 1,000 exhibitors contribute to the eventful exhibition every year. It is accompanied by an interesting programme of events - conferences and special zones for those who want to broaden their knowledge and establish new, valuable contacts.

The block of events provides a unique opportunity for a comprehensive view of the food industry - starting from the technological processes, machines, food manufacturing or processing, through packaging, ending with gastronomy. We are convinced that the coexistence of these segments in one place and at one time will be for your benefit, and the presence at the fair will bring tangible benefits for your company.
