**NEWSLETTER 4**  
**July - August 2016**

## **NEWS**

**Poland as a leader in fruit and vegetables production** Poland, Spain and Italy were in 2015 the main producers in Europe of fruit and vegetables, Eurostat reports. Poland is one of the main producers of vegetables: as for carrots and cucumbers the country holds second place in EU. [More](#)

**Meet Photon - friendly coding coach for children** Poles invented Photon - world's first interactive robot that grows up with children while teaching them programming. [More](#)

**Five astonishing export products of Poland** Once again, Poland - based financial company Akcenta has prepared the list of the most unique products exported from Poland. These are buttons, music notes, cider, snails, fireworks. [More](#)

**Surplus in foreign trade of Poland in 2015** The Central Statistical Office of Poland (GUS) has issued the final data on the Polish foreign trade in 2015. Exports (current prices) reached a total value of PLN 750.8 bn (€179.6 bn), while imports amounted to PLN 740.9 bn (€177.2 bn). As a result, Poland recorded a positive balance in foreign trade amounting to PLN 9.8 bn. It also means that exports increased by 8.3% and imports by 5.2% in comparison with 2014. [More](#)

## **EVENTS**

**Danish-Polish Seminar on bioenergy and biomass (Copenhagen, 13 September 2016)** The Embassy of the Republic of Poland and Trade and Investment Promotion Section together with the Danish Embassy in Poland and Innovation Network for Biomass are organizing a one day seminar on bioenergy and biomass. It will take place on 13th of September from 9:30 till 13:00 at Eigtveds Parkhus, Danish Ministry of Foreign Affairs premises. The purpose is to provide an update on trends and legal framework in both countries, especially when it comes to bioenergy and biomass. Moreover, successful case studies and examples of Polish and Danish cooperation will be presented. After the seminar we envisage networking lunch and B2B meetings with Polish stakeholders. [More](#)
